

Designation	2G12
Product	Recombinant human monoclonal antibody to HIV-1 gp120
Product no.	IT-001-2G12
Lot no.	xxx
Volume	100 pl
Concentration	2mg/ml
Method of analysis	ELISA for human IgG content
Isotype	igGi (κ)
Host cell	Recombinant CHO
Purification	Protein A affinity chromatography
Product buffer	2 mM acetic acid, 10% maltose - sterile, no preservatives
Formulation	Liquid
Storage conditions	Keep it at 4°C if used within a month. For long term storage, split it into small aliquots and keep at -80°C. Avoid repeated freezing and thawing. The product will be expired one year after receiving if stored properly. Non-hazardous. No MSDS required.

Note: For use as laboratory research reagent only

WARRANTY AND LIMITATION OF REMEDY

Polymun Scientific Immunbiologische Forschung GmbH makes no warranty of any kind, expressed or implied, including, but not limited to, the warranties of fitness for a particular purpose and merchantability, which extends beyond the description of the chemicals on the face hereof, except that the material will meet our specifications at the time of delivery. Buyer's exclusive remedy and Polymun Scientific Immunbiologische Forschung GmbH's sole liability hereunder shall be limited to refund of the purchase price of, or at Polymun Scientific Immunbiologische Forschung GmbH's option the replacement of, all material that does not meet our specifications. Polymun Scientific Immunbiologische Forschung GmbH shall not be liable otherwise or for incidental or consequential damages, including, but not limited to, the costs of handling. Said refund or replacement is conditioned on Buyer giving written notice to Polymun Scientific Immunbiologische Forschung GmbH within thirty (30) days after arrival of the material at its destination. Failure of Buyer to give said notice within said thirty (30) days shall constitute a waiver by Buyer of all claims hereunder with respect to said material.
